

**Proposed Language For Statewide Programs With
Web Site(S) Containing HIV/AIDS/STD Content*:**

1. This site contains HIV/AIDS/STD prevention messages that may not be appropriate for all audiences.
2. This site contains HIV/AIDS/STD prevention messages that may not be appropriate for all audiences. If you are not seeking such information or may be offended by such materials, please exit this web site.
3. This site contains HIV/AIDS/STD prevention messages that may not be appropriate for all audiences. Since HIV/AIDS/STD infection is spread primarily through sexual practices or by sharing needles, prevention messages and programs may address these topics. If you are not seeking such information or may be offended by such materials, please exit this web site.
4. Since HIV/AIDS/STD is spread primarily through sexual practices or by sharing needles, prevention messages on this site may address these topics. HIV/AIDS/STD prevention materials, funded by OA, must be approved by OA Contract Monitor. However, some viewers may consider the materials controversial.

* This language may be customized based on the content of your web site.

NOTE: This notice should be displayed prominently on the web site or applicable web page(s) that are most likely to be encountered by viewers of the HIV/AIDS/STD content. This could be the site's homepage, other high-level entry pages, portal pages most commonly used to navigate or find the HIV/AIDS/STD-related content. An alternative to displaying the notice in its entirety on the main page is to instead display a link that reads "HIV/AIDS/STD Content Notice", which would take the user to a separate web page displaying the HIV/AIDS/STD content notice in its entirety.
